

- ✓ **Assess your employees' skills and use Official Microsoft Learning Products to fill in the gaps.**
- ✓ **Review results across the organization.**
- ✓ **Realize the benefits of a well-prepared organization.**

Microsoft® Skills Assessment for Organizations is a powerful online tool that enables corporations to achieve greater technology ROI, minimize deployment risks, and realize the full potential of your greatest investment—your people. Efficient skills and training management will help you get there. Easily build a skills inventory, review results across the organization, and choose the appropriate prescriptive training solution for each individual.

Features and Benefits

Microsoft Skills Assessment for Organizations removes the uncertainty around training and answers the questions businesses ask every day:

- What are my employees' technical competencies?
- What skill areas should we improve?
- Where are our training dollars best invested?
- What are our team, group, and corporate capabilities?
- How can we most quickly improve productivity?

Microsoft Skills Assessment for Organizations empowers you to address these questions. There are two important steps to get you where you need to be:

- 1) Skill Gap Analysis—What do I have?**
- 2) Prescriptive Learning Paths—What do I need?**

1) Skill Gap Analysis—What do I have?

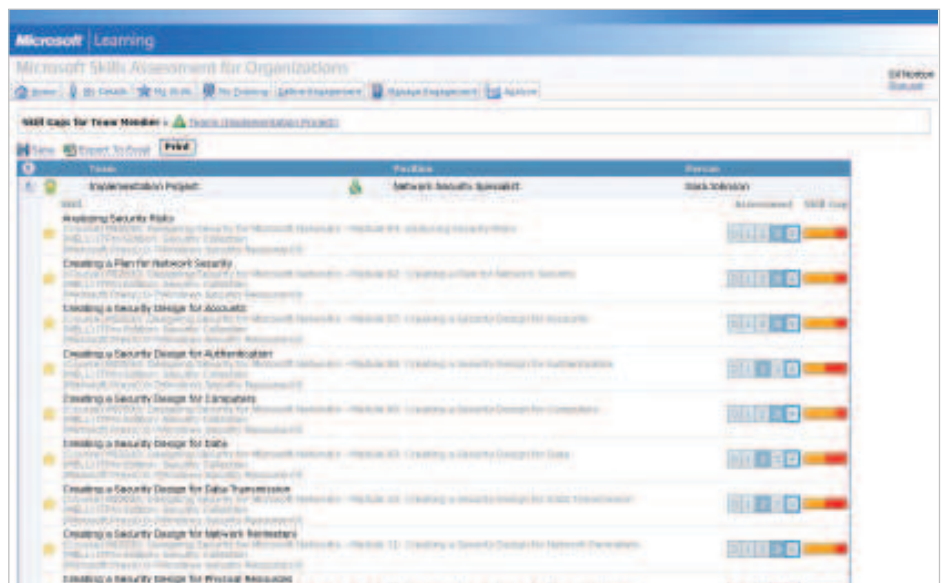

Microsoft Skills Assessment for Organizations provides a clearer understanding of your employees' skills so you can plan better and spend better

Skill Gap Analysis

2) Prescriptive Learning Paths—What do I need?

After understanding your team's skill gaps, you'll see who needs training to meet the needs of your most important projects.

Training Needs Analysis

As shown above, you'll get recommendations for a wide range of training options offered by Microsoft Learning:

- Live and virtual classroom courses at a Microsoft Certified Partner for Learning Solutions.
- Customized, instructor-led training classes or a blended learning opportunity.
- Microsoft E-Learning.
- Microsoft Press® books.
- Microsoft Electronic Learning Library.
